

30th August 2007

Dear Max and Fiona,

I am writing to thank you for coming to see us last week. Our meeting was educational, informative and enjoyable. We were very pleased with the exposure your website was able to generate for us and we were especially pleased with your prices, even for the second year!

I would recommend yellowtom.com to all businesses wishing to advertise their company online and for a fantastic price. It works for us!
