30th May 2007

Dear Max and Fiona,

Just a brief letter to say how impressed I am with yellowtom.com and why I immediately re-signed with you.

Our meeting last week was enjoyable and informative and it was a relief to finally deal with someone who understood our needs and treated us with respect. You do not find that too often from companies associated with advertising or marketing!

We received so many coupons last year and our internet presence in the local area and the entire Leeds area has gone from nothing to a level I never expected, all within 12 months.

To be able to see our page views was an additional bonus and the fact that they will now be available whenever we request them is fantastic.

I would wholeheartedly recommend yellowtom.com to all local businesses in not only LS25 but throughout Leeds. It has been a great experience and I look forward to our companies doing business for many years to come.

Yours sincerely,

Phillip Peacock
